Volunteering at OMC

As a small, Catholic school we need parents to participate in school life in order that we may provide all the programs and activities that our students need and deserve. In addition to the extra hands needed, there are other important impressionable reasons for having our parents helping within the school. Having parents around on a daily basis demonstrates an atmosphere of service which the children then assimilate. When they see their own parents as well as others they may know, working together and supporting the efforts of the school staff, it creates a sense of community duty and even a sense of family. A sense of family creates a sense of comfort and when children are comfortable in school, learning is easier. Finally, as the children go off into the world they will carry forth their witness of positive participation which can only help make for a better society.

There are a variety of ways to be a school volunteer. Some volunteer work can be done from home and obviously some at school. Within these pages you will find some examples of each. At our *Back-to-School Night*, Home and School representatives will be available to answer your questions, provide sign-up sheets for the many volunteer opportunities available and recruit you. **As stated in our school handbook, each family is expected to participate in one or more volunteer activities each year.** Please note on page 6 those activities which require child safety clearances as mandated by State law and Archdiocesan directives. On page 7 there are directions for acquiring the proper clearances. Attached also is a form where you can get first pick and sign up now for a volunteer position. Just complete the form and send it back to school as soon as possible.

Thank you for your willingness to get involved. Your children will love you for it.

## Frequently asked Questions

### ***Can I bring along the little one(s)?***

Infants and small children who are not yet in school may accompany a parent volunteer in school for a given activity at the discretion of the teacher. In general, we hope to welcome these future OMC'ers but in some instances it may not be appropriate for younger siblings to be present. To be sure, just check with the classroom teacher.

### ***I work full-time. How can I be involved?***

We welcome the help of all OMC parents – not just those who volunteer during school hours. On pages 4 and 5 of this document there is list of 9 volunteer opportunities which can be done in the comfort of your home environment which offers flexibility around your family and work schedules.

### ***Can my child's Grandparents, Aunt, or Uncle be involved?***

We certainly welcome the help of the extended OMC family. Other family members who would like to volunteer are subject to the same guidelines as parent volunteer in terms of clearances and safety certification.

### ***What is the purpose of the Home and School Association?***

The Home and School Association has two main purposes. One is fundraising. The money raised goes directly to support school programs that benefit OMC students. Money raised goes to update school technology, provide our Spanish program, maintains our Catechesis of the Good Shepherd program, and supports school assemblies and field trips. The second purpose of the Home and School Association is to promote volunteerism among our families which is essential to make our school work.

### ***How do I become a Home and School Association Board Member?***

Nominations for vacant Board Member positions and Chairs of Standing Committees are solicited and accepted in April of each school year. If there is more than one candidate for any position elections are held in May. Board positions include: President, Vice-President, Secretary and Treasurer.
